

Non-optic

Maxso®

M200E Smart

It is the most economical air driven handpiece in the market with high quality materials and craftsmanship. It's designed to last, perform, and meet all the daily operative needs. It has been a great product for the dealers to compete with direct sale companies and capture the price-conscious customer.

Single Spray

The precise spray to ensure the best cooling effect to the treatment site.

Push Button

The simple operation of the push-button chucking system provides quick bur change.

Stainless Steel

Advanced technologies and materials provide the longest lifetime.

Noise Level

Effective frequency optimization ensures a pleasant and low turbine noise
